A college in the sky I have not seen.
...Is that ... so...?

Umm... what sort of place is a 'college'?
Hmm?
According to the tales I've heard tell,
As some sort of place where humans study,
Well, umm, they study there
The ocean's wide
And so very big~
Surely they're riding in an "airplane" flying in the sky,
So that way they can do it even if they're hurt!
College is cool!!

The ways of flapping one's wings
ABOUT TO TEACH THE MANY WAYS OF FLAPPING ONE'S WINGS, I WAS.
WELL, SPEAKING OF THE WAYS OF BIRDS,

THE COLLEGE HE WAS TALKING ABOUT

Clickety clack...
Separately, I'm glad she told me where she works.

I wanted to make life easier for Grandma.
Quick to work and quick to earn...

BECAUSE SHE'LL SURELY BE UP HERE ON A SUNDAY JUST AFTER NOON...

But
Grandma's coming and working for a long time...
Has been for my sake

While carrying the family on her back,
Even now, she continues to work. .
Mostly for the sake of my future.
